

Toronto Area Steelworkers
SOLIDARITY ON WHEELS

**Rally for Steelworker Locals 6500 & 6200
on strike at Vale Inco in Sudbury & Port Colborne**

SATURDAY, MARCH 6

3 pm Metro Convention Centre, Front Street

Three years ago, **Vale** – a giant multinational corporation, based in Brazil but operating worldwide – was allowed to swallow up **Inco**. Now it has forced 3500 miners and smelter workers in Sudbury, Port Colborne & Voisey's Bay out on strike. It's demanding huge rollbacks in pensions, nickel bonus and seniority rights. Our members have walked the line for 8 months already, no end in sight, company refusing to talk.

Having poisoned the social climate in these communities, for years to come, this arrogant outfit is now sponsoring a conference at Toronto's Conference Centre, to boast about its allegedly 'wonderful' efforts to curb pollution.

They've even dared to hold it on International Women's Day.

How green is our *Vale*? *Not very*. How greedy is it? *Beyond words*.

We'll send a message to the conference from sister and brother Steelworkers in Toronto. Stop this vicious attack on working families! Get back to the bargaining table! Canadians workers want and deserve a fair contract!

2.15 pm: bus leaves 25 Cecil Street

2.15 pm: buses leave Ryerson, 55 Gould Street - at the end of the Women's Day March.

4.30 pm till late: BBQ social for the strikers back at 25 Cecil Street Hall, after the downtown action is over. All welcome.
