### Members of the Provincial Government will be in Ottawa for Pre-Budget Hearings on Jan. 22

**H**

Ontario is now entering the 9<sup>th</sup> consecutive year of real-dollar cuts to our hospitals – the longest stretch of hospital cuts in the history of public Medicare. Virtually every service cut is privatized, subject to user fees or moved far from our home town.

At each pre-budget hearing, the Ontario Health Coalition will be mobilizing with the community to stop the cuts and demand the public, affordable and accessible health care system that Ontarians deserve!
