**The Ontario government has
no mandate to make massive
cuts to our education system.**

**STOP CUTS
TO EDUCATION!**

TAKE ACTION! ASK YOUR MPP WHY THIS IS HAPPENING

STUDENTS SHOULDN'T HAVE TO PAY FOR GOVERNMENT CUTS!

- Children and youth will fall through the cracks with larger class sizes and less funding to education.
- Cuts to education will result in fewer teachers and education workers and fewer resources to meet the diverse needs of students.
- Cuts to education mean fewer supports for special education, less money to fix buildings, and the potential closing of community schools.
- Possible changes to the teacher and ECE model of Full-day Kindergarten would take away a great start from Ontario's youngest students.
- Mandatory e-learning for high school students reduces access to education.
- Rolling back of the health curriculum to 1998 undermines the health and safety of Ontario students.

ONTARIO MUST INVEST IN OUR CHILDREN AND THEIR FUTURE. DON'T MAKE THEM PAY FOR GOVERNMENT CUTS.

**POWER
OF MANY**
