

Tell MPP Greg Rickford you demand safe and healthy communities and workplaces

GREG RICKFORD
Progressive
Conservative

Greg Rickford is making things worse in Ontario by:

- Changing in-person health and safety training for 50,000 workplaces, switching to less-effective online training.
- Jeopardizing the health and sustainability of our planet by failing to recognize climate change as human-made.
- Placing workers in unsafe working conditions and further marginalizing injured workers.

Greg Rickford has already:

- Exited the cap-and-trade program and cancelled 758 green energy contracts.
- Threatened Ontario's Greenbelt, clean drinking water, and farmland.
- Failed to clean up mercury poisoning in Grassy Narrows.
- Froze proactive workplace inspections.
- Decreased money for prevention and compensation for injured workers by reducing employer premiums.

We have a voice. Be part of the **POWER OF MANY.**

Tell Greg Rickford: "Stop endangering the lives of Ontario workers and their families. Keep our communities and workplaces healthy, safe, and sustainable."

FACTS:

- In Ontario, nearly 50 per cent of injured workers live in poverty.
- In Ontario, there are fewer than 400 health and safety inspectors for thousands of workplaces.
