## TAKE A RIDE WITH JACK

After inspiring the nation and leading the New Democratic Party of Canada to an historic electoral victory as the Official Opposition, beloved NDP Leader Jack Layton succumbed to cancer on August 22, 2011. However, Jack left us with words of hope, love and optimism.

The OFL has been working with Jack's widow, MP Olivia Chow, to ensure that Jack's legacy lives on in the hearts of Canadians by erecting a memorial statue in the city that Jack loved and served.

Jack's love of bicycling is legendary and he shared his past-time with his wife and children on their signature tandem two-seater bicycle.

A renowned master sculptor David Pellettier has been hired to create a life-sized bronze statue of Jack sitting on the back seat of a tandem bicycle, with room on the front seat for visitors to have their picture taken "taking a ride with Jack." The City of Toronto is expected to support this touching memorial by donating land on Toronto's waterfront for the monument to be erected.

However, this project is expensive. Funds are desperately needed to commission this tribute and pay for raw materials, lighting, maintenance and upkeep.

Your help can bring this memorial to life.

THE PROPOSED SITE FOR THE MEMORIAL SCULPTURE IS THE NEWLY NAMED JACK LAYTON FERRY TERMINAL, AT BAY & QUEEN'S QUAY.
