TIM HUDAK'S RECKLESS PLAN FOR ONTARIO

Tim Hudak's Conservative Party's dangerous election platform starts with firing **100,000 public sector workers**.

What will this mean for our families and communities?

- » When the impacts on the wider economy are considered, economists say Hudak's cuts will lead to **167,000 job losses across the province**. Unemployment would increase from 7.4% to 9.7% – higher than it was at the height of the recession.
- » Such massive job losses would **devastate local communities, hurt small businesses** and disrupt local quality of life.
- » The cuts will mean the loss of teachers, home care workers, paramedics, food inspectors, forest firefighters, road safety workers, crown prosecutors, to name a few. This will **dramatically impact public services** that Ontarians from all walks of life rely on.
- » The cuts will **hit young people particularly hard**, who are already struggling with higher unemployment rates and large student debt.
- » While Hudak intends to punish hard-working Ontarians, he will reward the top 1% with **tax giveaways to wealthy corporations** by reducing corporate taxes by a whopping 30%. This will leave even fewer dollars to pay for quality public services.

We cannot trust a Tim Hudak Conservative Government with our livelihoods and Ontario's future. **Help us Stop Hudak.**

The *Globe and Mail* has called Hudak's platform **“radical and rash.”**

WHAT YOU CAN DO TO STOP HUDAK

VOTE ON THURSDAY, JUNE 12th, 2014

VOLUNTEER your time to a campaign in your area.

ENCOURAGE your family, friends, neighbours, and colleagues to participate too.
