IT'S TIME FOR CLIMATE JUSTICE.

ofl.ca/workers-first

A workers-first agenda means climate justice and a livable planet.

We're demanding clean air and water in every community, including Indigenous communities; access to food, nature, and a sustainable environment; a just transition to decent low-carbon jobs for all; and an end to environmental racism.

WORKING PEOPLE DESERVE BETTER. JOIN US AND TAKE OUR PLEDGE:

On May 1, I will take action for a better Ontario. And on June 2, I will vote for it.
